

**Major General Ahmed Nasser**  
**President UCSA**

**15.12.2023**

Dear President,

I hereby apologize for the confusion in sending the letter in relation to the information regarding the participation of swimming in the African Games.

I am sending you this letter to clarify that the African Games cannot be considered as a qualifying competition for the 2024 Olympics. Indeed, these games, if they are approved by World Aquatics, are part of a set of competitions that can be included in the official World Aquatics Ranking and participate in the selection of Athletes through this ranking. We are waiting for the infrastructure to be made available to be able to submit the validation request to World Aquatics.

**Artistic  
Swimming**

Also you need to add the medal as well 15 gold, 15 silver, 15 bronze (as surplus for Tie).

Kind regards

**Open Water**

**Water Polo**

**Masters**

Dr Mohamed Diop

Secretary General

Africa Aquatics
